

Floors, Walls, Doors and Everything In Between

Why ModFurn Interiors?

ModFurn Interiors is a leading interior fit-out specialist based in the heart of the Hunter Valley. We have a track record of delivering successful projects across all major sectors and are known for constructing the highest quality interiors with a friendly personal hands-on approach.

Our Approach

We've built our reputation on a consistent track record of success. ModFurn Interiors has carefully grown a team of exceptional project experts. The company consists of an array of skilled team members ranging from project management, designers, estimators, site foremen, carpenters, plasterers, labourers, and a team of administration and support officers.

Core Services

Office Interiors: Creating dynamic and inspiring workspaces tailored to enhance productivity and reflect collective culture.

Educational Interiors: Developing innovative and conducive learning environments for schools, colleges, and training centers.

Refurbishments: Giving existing spaces a makeover to maximize functionality and aesthetics without the need to relocate.

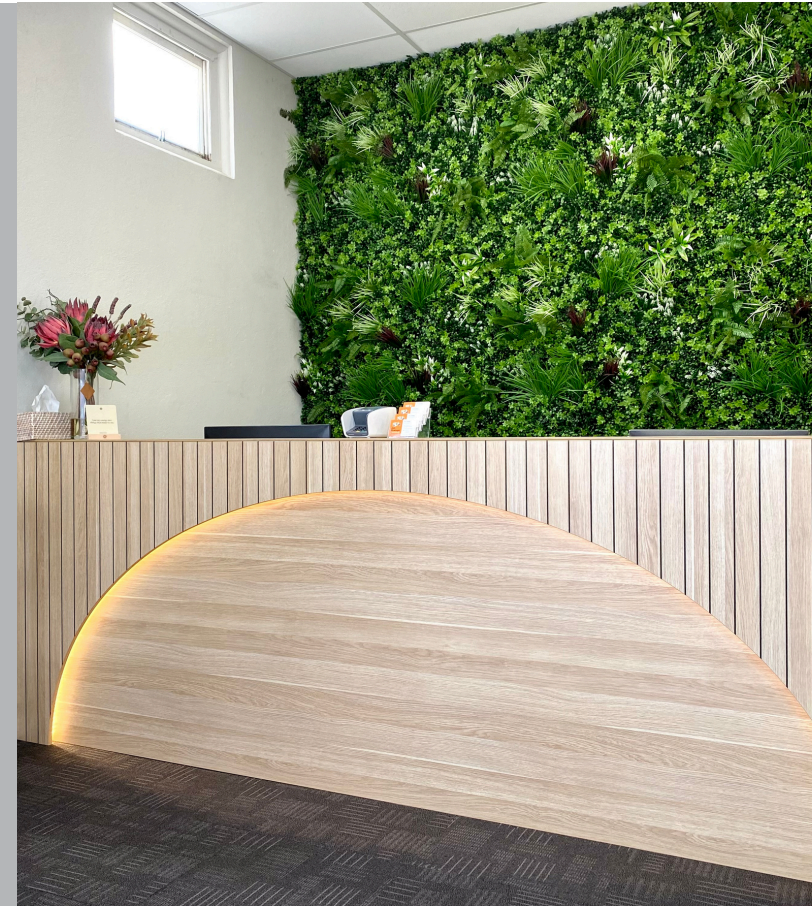

ModFurn Interiors provides a full range of trades and services to ensure every detail is covered including Furniture, Cabinet Making, Joinery, Carpentry, Plastering, Glazing, Acoustics, Tiling, Flooring, Ceilings, Painting, Signage, Electrical and Data, Plumbing, Air-Conditioning, and everything in between.

Additional Expertise:

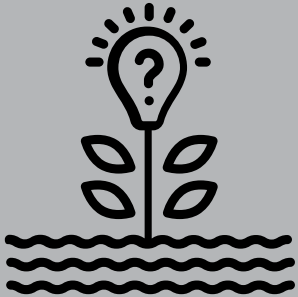

CAD Design: Providing detailed and accurate design plans to ensure seamless project execution.

Full Project Management: Managing projects from inception to completion, ensuring a stress-free experience for clients.

Fire Services: Implementing comprehensive fire safety solutions to protect people and property.

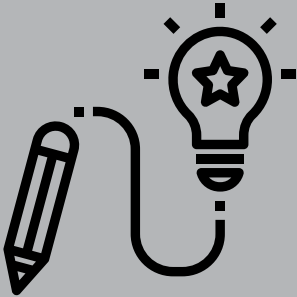

Project Management Process

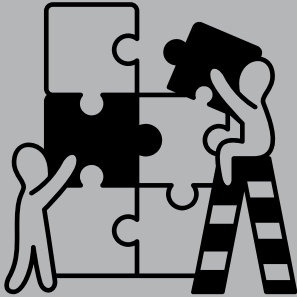

Envision

We collaborate closely with your team on a strategic plan that complements your unique requirements and culture.

Design

We design everything office workspace solution down to the finest details including floorplans, 3D drawings, furniture, equipment, fixtures and finishes.

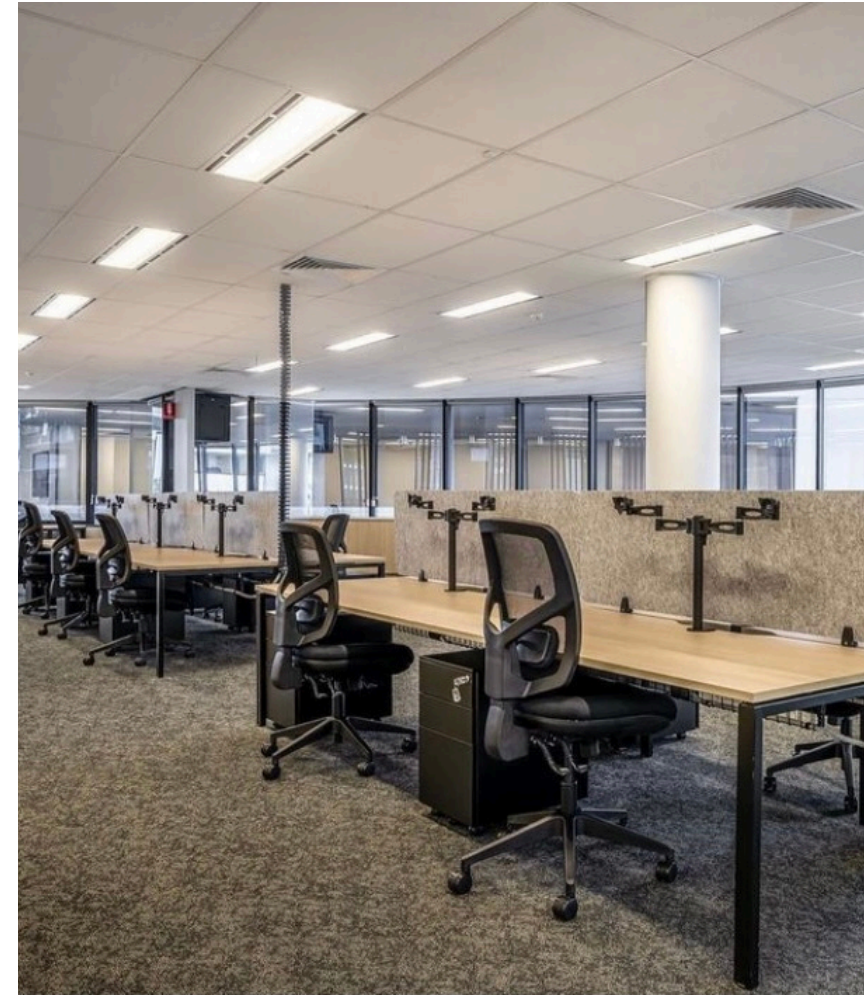

Craft

Following our plan and design, we'll carefully craft your workplace along with managing all trades to ensure there are no compromises on quality, budget or schedule.

Support

We partner with you over the long term to ensure your fitout is perfect now and into the future with maintenance and support as needed.
